Reasons for Allowance

Applicants' response to the last Office Action, filed on August 16, 2005 has been entered and made of record.

The following is an examiner's statement of reasons for allowance:

Independent claims 10, 12, 21, and 27 are allowable over the prior art of record. Claims 6-7, 9, 13-17, 23, and 28 depend from claims 10, 12 and 21 respectively, therefore, are allowed.

Independent claim 10 recites the limitations of : if the image data recognizable, a count of the number of use time is incremented, otherwise, the image data is stored.

The combination of these features as cited in the claims in combination with the other limitations of the claims, are neither disclosed nor suggested by the prior art of record.

Independent claim 12 recites the limitations of : if the image data recognizable, displays the result of recognition. Otherwise, reporting the unrecognizable sheet to an external, storing a new sheet definition data from the external. The combination of these features as cited in the claims in combination with the other limitations of the claims, are neither disclosed nor suggested by the prior art of record.

Independent claims 21 and 27 recites the limitations of :managing a charge amount, checks the number of use times and the date of definition data for each sheets. The combination of these features as cited in the claims in combination with the other limitations of the claims, are neither disclosed nor suggested by the prior art of record.

The closest reference of US 6768558 to Yamashita discloses a method of processing sheet data. However, he does not teach the limitations of cited above.

In view of the amended claims and the Applicant's arguments, the rejections and objections to claims 6-7, 9-10, 12-17, 21, 23 are expressly withdrawn.
